2. CITIZENS' CONCERNS (Non-Agenda Items) Non-Resident

1. ACTION ITEMS – Added Agenda Items

Nothing to add this evening.

2. ACTION ITEMS –Senior Citizen Center

Mayor Smith said he had spoken with a lady from DeFuniak Springs, at length today, unfortunately he was driving so he was unable to write down her name about our senior citizen center building. He said we haven't had a vote of the commission to close it, we are looking at \$18,000 to \$22,000 to reroof it has other issues as well. Mayor Smith said the City of Niceville has opened their

1 doors have opened bus transportation from Valparaiso over to Niceville. Mayor Smith said in his
2 opinion when it was open, only had two or three people that would come. Mayor Smith said he told
3 the lady he didn't know if there would be a consensus for the city to put money into revamping this
4 building. Mayor Smith said his concern is that we are going to put money into doing it, needs some
5 plumbing, electrical work, wood rot and a new roof. He said in his personal opinion doesn't feel we
6 have enough senior citizen activity there, when Niceville offers shuttles, and they have programs and
7 meals there. Mayor Smith said he and Mr. Scott have discussed raising (flattening) building and if we
8 find a company interest in the lumber it might not cost the city any money and it sits on two or three
9 lots that could become residential property that would be a tax base for the city. Comm. Wasdin said
10 we had discussed this before and has the meals on wheels program been discontinued? Mayor Smith
11 said the lady he spoke with said they don't have meals on wheels there now, they do offer a stop and
12 grab type service, meals on wheels operates out of Niceville. Mayor Smith said in discussing with the
13 lady from DeFuniak, he said she told him that they try to give seniors the opportunities to things that
14 they don't have at home, so they don't have to go into assisted living. Mrs. Joyce Marthis, 142
15 Chicago Avenue, asked if there is enough property there to build homes there? Mr. Scott said the issue
16 there would be the house that is built on the property line, that would not be allowed to be built today.
17 Mrs. Marthis asked about the shuttle or ride to and from Valparaiso to the community center in
18 Niceville, when would it start? Mayor Smith said it is already going on now, Mrs. Marthis said she'd
19 never heard anything about it. Mayor Smith said normally they would call if they'd like to be picked
20 up, he asked Mrs. Johnson if that was correct, and she said she was not sure. Mayor Smith said he
21 spoke with Mr. Corbin in Niceville about the transportation. Comm. Denney added that the bus is run
22 by the county. Mrs. Marthis said if it is the wave or whatever it is, Comm. Denney said this is a van
23 that is with the county. Mrs. Marthis said that will never work. Mayor Smith said Mr. Corbin said the
24 bus goes through Niceville, it might be a county bus but goes between the cities. Mr. Crosby said
25 Niceville doesn't have meals on wheels, they have a food truck but it isn't there every day. Mayor
26 Smith said with the lady he spoke to today she said they were going to start every day, if this one goes
27 away they would start it somewhere else. Comm. Crosby said he would like to see since you have to
28 pay a fee for the senior citizen center in Niceville about \$100 a year, since we aren't going to fix the
29 roof and do the repairs for the Valparaiso center, that we could issue a voucher to cover the fee for our
30 residents. Mayor Smith said he thinks that is a good idea but would like to see if we could work out a
31 voucher system with transportation that isn't specifically designated for person A B C and if B C
32 didn't come but once that would be money wasted because no one would have used it. He said but if
33 we could get a generalized voucher to the group and not individual, it could give others the opportunity

1 also. Mr. Scott said another to consider is the seniors that went to the Valparaiso center, were mobile,
2 they had their own transportation. Mayor Smith said he is just one person, but he doesn't see benefit to
3 city just putting more money into this building. Mayor Smith said the lady from DeFuniak had just
4 asked if we decide to raze (flatten) the building, they she would just like to be allowed to come into the
5 building and remove things they could use in other facilities. Mr. Scott said have a structural engineer
6 go in and see if the building is worth saving or not, then a decision can be made on facts. Mayor Smith
7 said well that's ok too but just cost more money. Mr. Scott said it would be a minimal amount of
8 money. **COMM. CROSBY MADE A MOTION TO HAVE A STRUCTURAL ENGINEER GO**
9 **INTO THE SENIOR CENTER BUILDING AND MAKE A RECOMMENDATION AS TO**
10 **BUILDINGS STATUS. COMM. WASDIN SECONDED THE MOTION, WHICH PASSED BY**
11 **UNANIMOUS VOTE OF THE COMMISSION 4 TO 0.**

12 **3. ACTION ITEMS – Accept FWC Grant #21128 RENOVATIONS TO LINCOLN PK**

13 Mayor Smith said he had spoken with Mr. Kelley, and this is a project we hope to have
14 complete before boating season begins. Mr. Dykes has reviewed the documents and said he is okay
15 with it as long as the Commission is comfortable with the timeline. Mayor Smith we would need to
16 get some contractors to help us out because we do not have enough manpower to do all. Engineer said
17 he spoke with Mrs. Beth Brant earlier today and there was a little confusion about the 90-day period,
18 that is to get everything in motion and ready to go. Mayor Smith asked if that can be done, Mr. Floyd
19 the Engineer said yes. **MAYOR SMITH MADE A MOTION TO APPROVE FWC GRANT**
20 **#21128 RENOVATIONS TO LINCOLN PARK. COMM. WASDIN SECONDED THE**
21 **MOTION, WHICH PASSED BY UNANIMOUS VOTE OF THE COMMISSION 4 TO 0.**

22 **4. ACTION ITEMS – Internet Protocol TV**

23 Mr. Butler said it had been discussed in the past moving toward latest technologies, internet tv
24 is the direction everything is going to. Mr. Butler said he wanted to bring this to the Commission's
25 attention to ask for the guidance as to what they'd like for him to do. Mr. Butler said we would still
26 have all the local channels, with this new system we would stop contracting with all the other
27 broadcasters, these people would handle this for us. Except for the local channels which we would
28 have to negotiate with the locals and get the feeds from them. Mayor Smith asked if it was going to be
29 \$15 a month? Mr. Butler said it would depend on the customer package. He said he does not have the
30 exact numbers tonight if Commission wants him to go forward, he will have more precise numbers, but
31 we are looking at savings of around \$50,000 a month, if we go this route. Mr. Butler said it would also
32 free up some of our channels for internet, currently the internet uses 20 channels and if we go this route
33 it could free up all 100 channels and move to DOCSIS 3.1 which is theoretically speed of 10 gigabytes

1 to the home. Mayor Smith said it sounds like a pretty good deal for the city. Mrs. Johnson asked what
2 would the citizens not have? Mr. Butler said there are a couple of channels that they do not carry and
3 will not carry. He said one of those is HBO, he said we lose money right now because of how HBO
4 does their pricing it is cheaper for the individual to go HBO on their own. Mr. Butler said they also do
5 not mess with Viacom for similar reasons, Viacom provides the MTVs, Nickelodeon, they increase
6 prices every four years and can be difficult to work with. He said but we would have most channels
7 that we have now. Mrs. Johnson asked about DVRs? Mr. Butler said starting out they offer a free
8 DVR with your account, that DVR holds seven days, and they are looking forward to a month of
9 storage. Mayor Smith verified that we would still have local channels, Mr. Butler said yes, locals with
10 individual contracts. **COMM. WASDIN MADE A MOTION TO ALLOW MR. BUTLER TO
11 FURTHER LOOK INTO THE INTERNET PROGRAMMING AND COME BACK BEFORE
12 THE COMMISSION WITH MORE CONCRETE NUMBERS. COMM. CROSBY SECONDED
13 THE MOTION, WHICH PASSED BY A VOTE OF THE COMMISSION 3 TO 0. (Lost
14 connection with Comm. Denney)**

15 **1. OLD BUSINESS – Tom’s Bayou Bridge Utilities Update**

16 Comm. Wasdin said it looks like everything is running well.

17 **2. OLD BUSINESS – Property Foreclosure Update**

18 Mr. Dykes said the Turner property foreclosure is set for the 19th of January, will be an online
19 foreclosure, we will have bid in for what city has paid including attorney fees. Mr. Dykes said should
20 someone bid higher than that, we will be entitled to go after they money we have spent through them,
21 that would also leave them with the IRS lien. Mr. Dykes said if that doesn’t happen the house will be
22 foreclosed on and deeded to the City of Valparaiso, and we would need to negotiate the IRS lien and
23 pay them to have clear title. Mr. Dykes said he will send emails to the Commission to let them know
24 how the auction goes.

25 **3. OLD BUSINESS – City Manager**

26 Mr. Dykes said as the Commission will recall, Comm. Hamilton asked that he put something
27 together in regard to a city manager position which is what he has brought forth. Mr. Dykes said he
28 modeled this rendition after the City of Freeport, this isn’t for first reading or anything just discussion
29 and exchange of information. Mayor Smith said this looks like it takes away most city administrator
30 duties and even some city clerk duties. Mr. Dykes said it is up to the Commission on how they would
31 like to proceed. Mayor Smith said he has read over this couple of times, with salary, compensation for
32 insurance, vacation and sick we are looking over \$100,000 to pay this manager. Comm. Wasdin said
33 she believes it is best to discuss this in front of a full Commission. Mayor Smith said he agrees, this

lays a lot of burden on the city manager, from reading this it looks like Mr. Scott would only have permits, code enforcement and inspections. Mr. Scott said good.
